

## **IBERO-AMERICAN NETWORK OF SEXUAL HEALTH AND REPRODUCTIVE HEALTH PROFESSIONALS**

In our capacity as representatives of the Scientific Societies of the Ibero-American countries, we meet in order to create a NETWORK which purpose is the scientific exchange and cooperation, with a non-for-profit spirit.

To that end, we herein sign this FRAMEWORK AGREEMENT, which defines the basic guidelines agreed upon and the operating methodologies of the NETWORK.

- I- OBJECTIVES. The objectives that bring us together are:
- 1- Contributing to the exchange of scientific knowledge and the communication, study and research of the different aspects of sexual health and reproductive health in all the countries members of the NETWORK
  - 2- Stimulating the discussion of ideas and concepts aiming at the protection of citizens' rights in our field of competence.
  - 3- Carrying out gatherings, courses and meetings which promote the scientific exchange and the continuous evolution of its members' training.
  - 4- Fostering interdisciplinary meetings to coordinate approaches to assistance, teaching and research in this field.
  - 5- Representing Ibero-American professionals who study the different disciplines of sexual health and reproductive health before the International Scientific Associations, Societies and Organizations which goals are similar and/or complementary.
  - 6- Helping national, provincial and supranational government organizations to design and implement appropriate health policies, especially regarding the topic of concern.

**II. NETWORK Membership.** There are two types of membership:

1. Institution Members. Any Civil Association, Scientific Society or any other scientific body with development and solid tradition in the field, which states its willingness to join the NETWORK in writing and which has been approved by the Council of Representatives by means of a resolution.
2. Individual Members. Professionals with a solid tradition in the field who request to join the NETWORK on an individual basis, and have been accepted by means of a resolution of the Council of Representatives.

In order to join the NETWORK, a request must be submitted for further analysis by the COUNCIL OF REPRESENTATIVES, who will decide on its approval or rejection based on the history, merit, good name and ideology aligned with the NETWORK. In order to be accepted, a two-third majority vote shall be required.

**III. NETWORK Bodies.** They are the Council of Representatives, the Executive Committee, and the Partners Assembly.

1. Council of Representatives: Each "Institution Member" appoints a deputy to join this Council. "Individual Members" are not part of this body. Each of them has one vote, there can only be one vote per country. They shall meet once every 6 (six) months, or whenever circumstances so require, in an in-person, virtual or mixed meeting. The term duration is 2 (two) years and can be renewed. In the first meeting of each new mandate, the Council shall appoint a President from among its members. In each renewal, the rotation of this position among the member countries should be taken into consideration. The nationality of the institution represented by the President determines the seat of the NETWORK during the two-year presidency.
2. Executive Committee: When the President is appointed, the Vice-President, the Secretary and the Treasurer shall be appointed as well; their term shall also last 2 (two) years. In case a country is represented in the Executive Committee, another representative of this country should be appointed to the Council of Representatives. The four members make up the Executive Committee, who shall meet on a quarterly basis, or whenever circumstances so require, and it shall submit reports to the other members informing the news, if any. They shall have to prepare the agenda of each Council meeting and they are in charge of the NETWORK's daily management. Roles and responsibilities: The **President**, and in

case of absence, the **Vice-President**, has an executive, coordination and NETWORK representation role; the **Secretary** is responsible for calling upon each meeting, keeping minutes records where they shall register the minutes of each meeting, and relevant decisions taken, and they shall keep records of the associates, including their personal information; the **Treasurer** shall be in charge of collecting the fees set, in that case, managing funds, if any, and making decisions related to the management of the funds of the NETWORK together with the President, and reporting to the Council of Representatives. In case one of the positions is vacant due to resignation, impossibility or any other reason, the Council of Representatives shall appoint the corresponding replacement until the original term is complete.

3. Partners Assembly: All the members of the NETWORK, institutions and individuals, take part in the Assembly. There shall be one meeting per year. The aim of the Assembly is the scientific exchange, the discussion of ideas and professional updating. Members shall be invited to participate by e-mail or by any other means that may replace it in the future, and meetings shall be in-person, virtual or mixed.

**IV. Media**: Communication among members shall be preferably IT based, for example e-mail, social media or other types of media used in the future and which are suitable for a fluid and dynamic relationship of the NETWORK. The Member Societies shall be responsible for keeping their contact data updated.

**V. Indemnity of Participants**. Participating in the NETWORK shall not entail any liability, nor does it commit its members regarding third parties. Each institution, as well as individual members, remains legally, economically, academically and ideologically autonomous. The NETWORK is a space for meeting and coordinating actions.

**VI. Financial Contribution**. The Council of Representatives may set a mandatory sum of money that all members shall have to provide for any convenient and/or necessary purpose. In this case, the Council shall determine the method of payment and the collection agency, as well as other operating matters.

**VII. Organization of Gatherings, Meetings and/or Congresses**. The Council of Representatives may request the organization of scientific gatherings, with the

characteristics it deems suitable in each case, and shall appoint one or two members to organize it. The organization of gatherings shall be distributed in a fair manner among the members, whenever possible and depending on members' interests.

**VIII. Unforeseen Issues.** Any issue that may arise which is not foreseen in this founding document may lead to an ADDENDA to it, or subsequent regulations by the corresponding body, either the Assembly or the Council of Representatives.

**IX. Dispute Resolution.** In order to settle any dispute or conflict that may arise, the President may call a Council of Representatives meeting to discuss the issue; a solution shall be reached with a simple majority vote of attendees, which shall have the status of decision. Dispute resolution shall always be reached favoring the good faith and a conciliatory spirit.

**Operational Provisions:**

**A. Underwriting of the Foundation Document:** In keeping with the spirit of the NETWORK and its international nature, the present document shall be signed by the representatives of each founding partner, and it shall be circulated in every country until all the signatures have been obtained. The will to create the NETWORK is expressed in the City of Asuncion, Paraguay, with the signature of everyone present, on May 31<sup>st</sup>, 2019.

**B. Appointment of the First Council of Representatives:** The first Council of Representatives is hereby appointed, and it is established in the following manner:
